# Remarks

## Note from the Treasurer:

Hello, my name is Rohan Parepally, and I am the Treasurer for the 2019-2020 school year. If you are reading this, then I assume you are trying to learn more about the process of receiving funds for you or your student organization. I am hoping this document will be comprehensive, and provide you a better understanding of the application process, presentations, timeline, and more.

To provide some context, it is important that you all understand where the funds that are being distributed are sourced. All funding that USG receives comes from the Undergraduate Student Programming Fee, a portion of every student's tuition aggregated to be invested into student programming events (i.e., speakers, cultural, professional events... and funding!). In short, these funds are sourced from you, to service you.

In the Funding branch, we are allocated money for the purpose of distributing these funds back to students. In order for this process to be fair and accountable, we have rules and regulations to get the job done, and ensure that financing acts as a limited barrier for students to engage in what they love. We take our jobs seriously and try to keep our mission in mind at all times: "funding passionate dreams, one application at a time."

Please keep in mind that this is a working document and areas may necessitate change. We will continue to update this document regularly to ensure that everyone has the most up-to-date information as possible. If you notice something that seems incorrect, or have further questions regarding the process, do not hesitate to reach out to a funding board director, or myself. We will do our best to help you navigate this process.

Thank you and Fight On!

**Rohan Parepally**

# New Information and General Notes

---

- 1. NEW THIS YEAR:** For applicants/organizations looking to cover DPS/FMS expenses for on-campus events, starting this year USG will be managing an allocation fund to subsidize/cover these expenses for RSOs. Applying to this fund will be separate from USG Funding, however, organizations will be allowed to utilize both to put on their events. More information to follow soon.
- 2.** Funding applications are handled on a first-come, first-served basis. Not only are you allowed to apply as early as possible, we encourage it. There is no limit on how early you can submit an application.
  - a.** Historically, the funding branch has run out of funds to distribute within the first two months of the spring semester.
  - b.** Especially for individuals or organizations who are attempting to plan for events that will happen in the spring semester, please secure final invoices and plans as soon as possible, and apply as soon as you can complete an application.
- 3.** Funding decisions are **never guaranteed** – precedence and/or basic qualification do not automatically result in approval of an application. Please read the guidelines for the board you are applying to BEFORE applying for funding.
- 4.** In order for an applicant organization to be considered for funding, they **must** have received recognition from USC Campus Activities.
- 5.** Funding timelines vary across boards, depending on payment types and expenditures. Please refer to the guidelines of the board you are applying to receive funds from.
- 6.** Failure to properly communicate with the Director or Assistant Director of the board in a timely manner may result in the rejection or disqualification of an application.
- 7.** An application is not considered “complete” if it is missing information required by the Director/AD or lacking proper invoices or quotes. The timeline of an application is subject to change under these conditions, and may result in disqualification of funding.
- 8.** Please keep in mind that the individuals running the funding boards are your peers, and are subject to many of the same obligations, stressors, and scheduling difficulties. Your patience and respect is genuinely appreciated.

# Frequently Asked Questions

---

## **What is the USG Funds Workshop?**

The USG Funds Workshop is an event put on (generally within the first month of school) by the Funding branch to provide insight into the funding process, explain the boards, meet the Directors. Attending the workshop allows you to receive an additional **\$200** dollars to the funding maximum. Attendance will be tracked and proof will be required to be allowed the increase.

## **What are the Bystander Intervention Trainings? How can we attend one? What does it entail and what are the commitments?**

Bystander intervention is an effective, student led program designed to empower students to address and prevent sexual assault and harassment on college campuses. The Bystander Intervention Trainings offer valuable, well researched, and effective tools for identifying and stopping potentially dangerous situations before they occur. The trainings are a 1.5 hours and will take place the 1st and 3rd Saturday of every month from 11am -12:30pm . Sign ups to attend a training will open on August 26th.

One person from your organization must attend and inform/check-in with the student-workers/attendants. Attending the training allows you to receive an additional **\$200** dollars to the funding maximum. Attendance will be tracked and proof will be required to be allowed the increase.

## **What is the timeline of funding disbursement?**

Generally, after an application is submitted, the Director of Assistant Director of the respective funding board will reach out to the applicant for additional documents/information (if necessary). Once the appropriate information is collected, the applicant will be scheduled for a presentation to the funding board. Following the presentation, the Director/Assistant Director will inform the applicant their funding decision within two business days and will start the paperwork process which is verified through multiple administrative personnel. This verification process takes about two weeks and is generally the longest part of the process. Once the Director/Assistant Director receives confirmation to move forward with the funding disbursement process, they communicate with the applicant to finalize all payments.
